Report: "Ecosystem Restoration".

Nature Club in association organized a webinar on **"Ecosystem Restoration"** on the occasion of World Environment Day by resource speakers- Mr. Vikas Pandey on Zoom Application at 11.00 am. The theme of this year's World Environment Day is Ecosystem Restoration. World Environment Day 2021 will see the launch of the UN Decade on Ecosystem Restoration. Webinar was conducted for students, Mr. Vikas Pandey guided everyone on how the college, students can do their part in environment conservation. He said Ecosystem restoration means assisting in the recovery of ecosystems that have been degraded or destroyed, as well as conserving the ecosystems that are still intact. Healthier ecosystems, with richer biodiversity, yield greater benefits such as more fertile soils, bigger yields of timber and fish, and larger stores of greenhouse gases. Restoration could also remove 13 to 26 gigatons of greenhouse gases from the atmosphere.

35 students joined the session making it a success. Webinar ended on a good note with an informative and interactive session.

Outcome

The main objective of the webinar was to aware students about Ecosystem and its restoration. Students understood the harmful effect of climatic conditions on atmosphere and how they can help in reducing these environmental impacts.

Report: “Eco-friendly Ganesh Idol Making Workshop”

Nature Club in association with Young Environmental Programme Trust organized the “**Eco-friendly Ganesh Idol Making Workshop**” under the program **Powai Lake Project** on 7 September 2021, Friday from 11 am to 12 noon at Powai Lake Premises.

The event started with a walk at Powai Lake to get a better understanding of the lake and its surrounding areas. Later Environmentalist Elsie Gabriel gave a brief introduction about the history of the lake, areas surrounding the lake, pollution-causing factors and how pollution is affecting the flora and fauna present inside the lake.

Students also interacted with workers cleaning the lake to find out about various measures undertaken by them and how much it is useful for the lake. The session concluded with students making eco-friendly Ganesh idols using silt removed from the lake.

30 participants joined the session even during the lockdown. The activity ended on a good note with an informative and interactive session.

Outcome

- 1) Students understood the importance of water bodies in our life
- 2) They understood harmful effect of ganesh idols on the water bodies
- 3) Workshop helped in showing ways of celebrating festival using eco-friendly means

Report: “Swachh Bharat Abhiyan at Powai Lake”

Nature Club in association with Young Environmental Programme Trust organized the “**Swachh Bharat Abhiyan at Powai Lake**” under the program **Powai Lake Project** on 2nd October 2021, Friday from 11 am to 12 noon at Powai Lake Garden.

The event started with a walk at Powai Lake Garden to get a better understanding of the lake and its surrounding areas. Later Environmentalist Elsie Gabriel gave a brief introduction about the history of the lake, areas surrounding the lake, pollution-causing factors and how pollution is affecting the flora and fauna present inside the lake.

The session concluded with students cleaning the garden as a part of swachh Bharat Abhiyan so that the garbage does not reach the lake polluting it further. The collected garbage was disposed of properly.

52 Students joined the drive. The activity ended on a good note with an informative and hardworking session.

Outcome

- 1) Students understood the importance of water bodies in our life
- 2) They understood harmful effect of garbage on the water bodies
- 3) They understood the importance of swachh bharat abhiyan

Notice

This is to inform all the students that Nature Club in association with Young Environmental Programme Trust is initiating “**Project - Powai Lake**”

Under this project, many events will be conducted to guide students in various areas of interest associated with Powai lake.

Third event in this activity is a visit to the “**Marine and Coastal Biodiversity Centre**”. Activity includes nature trail, bird watching, lecture to understand biodiversity and environmental issues faced at Thane Creek by Environmentalist Elsie Gabriel

We cordially invite all the students to participate in the Research Project

Date – 27th November, 2021 Saturday

Time – 9 am onwards

Venue – Marine and Coastal Biodiversity Centre, Airoli

Entry Fee – Rs 25/-

Report: "Visit to Marine and Coastal Biodiversity Centre"

Nature Club in association with the Young Environmental Programme organized **"Visit to Marine and Coastal Biodiversity Centre"** under **Powai Lake Research** project on 27th November 2021, Saturday from 9 am to 12 noon.

The event started with a walk at Thane Creek to watch different species of migrating birds like flamingos, peahens and different species of mangroves. Later a brief introduction was given about the history of Thane Creek, areas surrounding the creek, flora and fauna present, migrating birds, how mangroves are important for the ecosystem, pollution-causing factors and how pollution is affecting the Thane Creek.

The session concluded with a small movie about the creek giving information about migrating birds, ecosystem, ecology, mangroves and people whose livelihood is dependent on this creek. 18 participants joined the visit making it a success. The activity ended on a good note with an informative and interactive session.

Outcome

- 1) Students understood the importance of water bodies in our life
- 2) They understood importance of mangroves
- 3) Visit helped students get closer to the nature

Notice

"When you care for the environment, good things happen"

This is to inform all the students that Nature Club is organising a webinar on "Miracle Enzyme".

"Is your Home making you sick" According to the Environmental Protection Agency the levels of indoor air pollution are 2 to 5 times higher than outdoor levels. The major contributors for this air pollution are home cleaners.

MIRACLE ENZYME is one stop solution for all your home cleaning needs and it is very easy to create and use.

This organic chemical free enzyme not only cleans your house efficiently but also purifies the water bodies when it goes down the drain. It helps in waste management, reduces global warming, helps in soil recovery, and purifies air and water. That is why it is called Miracle Enzyme.

We cordially invite all the students and staff to be a part of this webinar and learn how to create this miracle enzyme and its usage"

Date – 12 February 2022, Saturday

Time – 12 pm to 1 PM

Report: Webinar on “Miracle Enzyme”

Nature Club organized a webinar on “**Miracle Enzyme**” by Vasudha Bijnani on 12th February 2022, Saturday from 12 noon to 1 pm.

MIRACLE ENZYME is one stop solution for all your home cleaning needs and it is very easy to create and use.

This organic chemical free enzyme not only cleans your house efficiently but also purifies the water bodies when it goes down the drain. It helps in waste management, reduces global warming, helps in soil recovery, purifies air and water. That is why it is called Miracle Enzyme.

91 students and 9 faculty joined the webinar.

Outcome

- 1) Participants learned the importance of miracle enzyme
- 2) They learned how to prepare miracle enzyme
- 3) Webinar helped participants to understand the uses of miracle enzyme

≡ Bio - Enzyme ≡

Bio-enzyme is an **organically** fermented natural cleaner which can replace all the **harsh chemicals** we typically use in our household.

It helps us in getting rid of **stains, odour** and other **harmful microbes**. They also **neutralise** toxins and pollutants.

My journey towards Sustainability

REPORT

EMAC Zone of Bachelor Of Commerce and Nature Club in Association with NGO Young Environmentalists Programme club of Powai organized an outdoor education nature trail to celebrate World Aquatic Animals Day on Friday, 8th April 2022 from 7.30 am to 9.00 am. It was also a part of the Foundation Course project.

The session was conducted outdoor in Powai Lake, Pawarwadi Ganesh Ghat. Close to IIT side by environmentalist, Elsie Gabriel, who addressed the students with respect to Powai Lake, its conservation, the various other water supplying lakes in Mumbai etc. She also addressed the problem of water hyacinth and gave them a briefing along with showing them the plant in practical. She gave very knowledgeable insight on environmental issues after which the students were asked certain questions and the winners were appreciated. They were later taken for a nature trail along Powai Vihar stretch and were asked to click candid nature photos. The students were overjoyed and had a fun experience. Around 72 students of Bachelor of Commerce participated in this nature trail.
