'Copyright and Plagiarism issues'

REPORT

Intellectual Property Rights (IPR) Committee of our college organised guest lecture on Thursday 18th February 2021. The topic for the guest lecture was 'Copyright and Plagiarism Issues.' The aim of the guest lecture was to create awareness about intellectual property laws among faculty members. This will help them to know the importance of Copyright and ethical issues around Copyright.

The hon'ble guest speaker Mr. Sajid Sheikh started the discussion on the topic explaining the rights for reproduction and the ethics in handling these assets. Further, concepts involved in copyrights and plagiarism were outlined in the session.

Around 48 students and faculties registered & participated in this lecture. The webinar was a great success with the lots of enthusiasm. It ended with a question - answer session and a pleasant vote of thanks by Mr. Umesh Kabadi.

Outcome: It is illegal to use another's work without permission, but plagiarism and copyright infringement are two distinctly different kinds of theft. A major difference between copyright infringement and plagiarism is that copyright infringement is illegal. This was explained with example and was the key takeaway from the session. Further, it was explained that plagiarism is moral or ethical offence while it is legally wrong to infringe upon copyright as the offender can be sued or slapped with a lawsuit.
