Indian Business School (IBS) is a global Business school offering world-class management education across its two campuses – Hyderabad and Mohali. The School has grown at a rapid pace over the eighteen years since its inception and already has several notable accomplishments to its credit – it is the youngest school ever to consistently rank among the top Global MBA programmers, one among the select 100 global B-schools to have AACSB and EQUIS accreditation, one of the largest providers of Executive Education in Asia, and the most research productive Indian management institution. A vibrant pool of research-oriented resident faculty, strong academic associations with leading global B-schools and the backing of an influential Board, have helped ISB fast emerge as a premier global Business school in the emerging markets.

We would like to visit your institute to interact with your students and inform them more about our institute with objectives of guiding those students who are interested.

We look forward to your reply with your suitable date, time and venue for our session.
