It has been literally a year since school, colleges have shut down. Who knew exactly one year ago when we were told that schools and colleges will be shut down for minimum 1 or 2 months that would last for february 1 and a half year. Unlike other students after completing with my Hsc exams, I had many plans and dreams with my new college life and I was looking forward to that life had other plans. Now looking back I feel very sad thinking how my first year went in struggling to attend online classes and not being able to meet my new friends and living the so called 'log life' which everyone dreams of. All thanks to this 'C' word virus.

Now enough of me complaining and let me show you my life as a student in this pandemic in a nutshell.

5:30 am (waking up)- Thanks to my cat who is hungry 24/7 always wakes me up around 5:00am or 5:30am by hopping or stracing me for food. However I go back to sleep again after giving her some food.

8:00am-Now here's when the actual trouble begins. I wakeup at 8:00am and run for my life out of my bed to attend the zoom meeting class which starts at 8:00am xD.

(From 8:00am to 11:00am we have three lectures and then from 11:00 am to 11:15am we have a break I And that too only of 15mins. (Which normally passes by the prior teacher giving us notes or lecture.)

11:15am- 1:01pm- This time of my day literally passes by me laying on the bed and having a mental breakdown while attending the lectures. (I just cant focus on online lectures. If you are from a brown big join family then you'll know mu struggle)

1:05pm- The happiest day as I get done wid my all lectures and now I get time to plan my remaining day.

(First things first ,Firstly I shower and eat something as I have been starving since morning)

After getting ready I go out for a small walk to get some polluted air as I cant wakeup early for the fresh air xD.

3:00pm- This is the most productive time for me as I get relaxed after a small walk and shower and my brain starts functioning properly so I complete all my pending assignments, projects, homework so that I will get free time for myself in the evening.)

5:00pm -After getting done with everything I drink some coffee and have a small playtime session with my cat(Coz who doesnt like playing with cats xD). Also I try to read 20 pages of book everyday so while drinking coffee I tend to read that everyday.)

6:00pm- Usually at this time I go out for groceries with my mom or help her do the household chores.

7:00pm- Everyday at 7:00pm or 7:30pm I meet my friends. We sit in a small park near our house and we discuss about our day or some random things.

8:00pm- I bing watch some random series till 9:00pm and wait for my dad to return from work.

9:30pm- we usually have dinner at this time.

10:00pm- I usually start writing assignments again because Our Teachers gives us ALOT of assignments. Also I study for 1 hour before going to sleep.

12:00am- Good night pepsi! This is why I wakeup very late in the morning.

Thanks for reading my messaged and unproductive day as a student but hey, this pandemic has gave everybody time for relaxing a bit and take time for ourself from the busy lives which we were having before. Be Greatful for this time which we have now coz once this pandemic gets done everyone will be in the rat race as earlier.

It has been literally a year since school, colleges have shut down. Who knew exactly one year ago when we were told that schools and colleges will be shut down for minimum 1 or 2 months that would last for february 1 and a half year. Unlike other students after completing with my Hsc exams, I had many plans and dreams with my new college life and I was looking forward to that life had other plans. Now looking back I feel very sad thinking how my first year went in struggling to attend online classes and not being able to meet my new friends and living the so called 'log life' which everyone dreams of. All thanks to this 'C' word virus.

Now enough of me complaining and let me show you my life as a student in this pandemic in a nutshell.

5:30 am (waking up)- Thanks to my cat who is hungry 24/7 always wakes me up around 5:00am or 5:30am by hopping or stracing me for food. However I go back to sleep again after giving her some food.

8:00am-Now here's when the actual trouble begins. I wakeup at 8:00am and run for my life out of my bed to attend the zoom meeting class which starts at 8:00am xD.

(From 8:00am to 11:00am we have three lectures and then from 11:00 am to 11:15am we have a break I And that too only of 15mins. (Which normally passes by the prior teacher giving us notes or lecture.)

11:15am- 1:01pm- This time of my day literally passes by me laying on the bed and having a mental breakdown while attending the lectures. (I just cant focus on online lectures. If you are from a brown big join family then you'll know mu struggle)

1:05pm- The happiest day as I get done wid my all lectures and now I get time to plan my remaining day.

(First things first ,Firstly I shower and eat something as I have been starving since morning)

After getting ready I go out for a small walk to get some polluted air as I cant wakeup early for the fresh air xD.

3:00pm- This is the most productive time for me as I get relaxed after a small walk and shower and my brain starts functioning properly so I complete all my pending assignments, projects, homework so that I will get free time for myself in the evening.)

5:00pm -After getting done with everything I drink some coffee and have a small playtime session with my cat(Coz who doesnt like playing with cats xD). Also I try to read 20 pages of book everyday so while drinking coffee I tend to read that everyday.)

6:00pm- Usually at this time I go out for groceries with my mom or help her do the household chores.)

7:00pm- Everyday at 7:00pm or 7:30pm I meet my friends. We sit in a small park near our house and we discuss about our day or some random things.

8:00pm- I bing watch some random series till 9:00pm and wait for my dad to return from work.

9:30pm- we usually have dinner at this time.

10:00pm- I usually start writing assignments again because Our Teachers gives us ALOT of assignments. Also I study for 1 hour before going to sleep.

12:00am- Good night pepsi! This is why I wakeup very late in the morning.
