

B.Com (Accounting & Finance): Programme Outcome.

The college offers B.Com (Accounting & Finance) three years full time undergraduate programme, affiliated to University of Mumbai. It gives the students a very good exposure to learn & upgrade their knowledge in the field of Accounting & Finance. The students get in-depth knowledge in subjects like Accountancy, Taxation, and Cost Accounting & Financial Management. In addition to this, they are sensitized about their social responsibilities under the purview of subjects like Foundation Course & Business Environment. For the subject of Foundation course, the students are given projects on topics relating to social cause. They are guided by the faculties who train them for doing a systematic project also to confidently to appear for the Viva. A The students who aspire to become professionals in finance opt for this course as the syllabus is framed by the University of Mumbai keeping in view the demands of the industry. The faculties of B.Com (Accounting & Finance) have always been proactive in enriching students' knowledge, while doing so they ensure students' all round development through curricular & co-curricular activities. The department has also formed 'Tally Club' wherein the students conduct activities to enhance their skills & confidence. The Tally Club gives them a platform to showcase & apply their knowledge & skills in the field of Accounting & Finance. Eminent Academicians & Industry Experts are invited for Guest & Guidance lectures to orient the students about the current trade in Industry & also to score well in the Examination. The Faculty members also guide students to pursue professional studies & encourage them to give competitive exams. To sensitize the students towards social issues, they are encouraged to participate in NSS, DLLE and Rotaract activities.
