

BFM PROGRAM OUTCOME

The college offers B.Com (Financial Markets) course, managed by the Department of Commerce, which gives the students in depth knowledge about financial markets which is an upcoming area in the field of academics, market trading and career. The syllabus designed by the University of Mumbai for BFM, comprises subjects that gives detailed knowledge related to financial assets, markets and institutions, debt and equity markets, foreign exchange markets and financial management. The course helps students to practice trading in a volatile financial market. The course has seen an improved result of students every year since its inception. Shareholder's club is an active club managed by the department, which organizes various events such as mock trading and awareness programmes that gives students practical exposure to the financial markets. In view of this, the students are also encouraged to participate in research activities by guiding them to write research papers in various national and international conferences. Students get an opportunity to opt for certificate courses, such as Online Skill Development and Personality development which plays a vital role in grooming them. To sensitize the students towards social issues, they are encouraged to participate in NSS, DLLE and Rotaract activities. The course has a strong alumni connect, wherein alumni are invited for support in college activities.
